
“Your Chamber of Commerce”

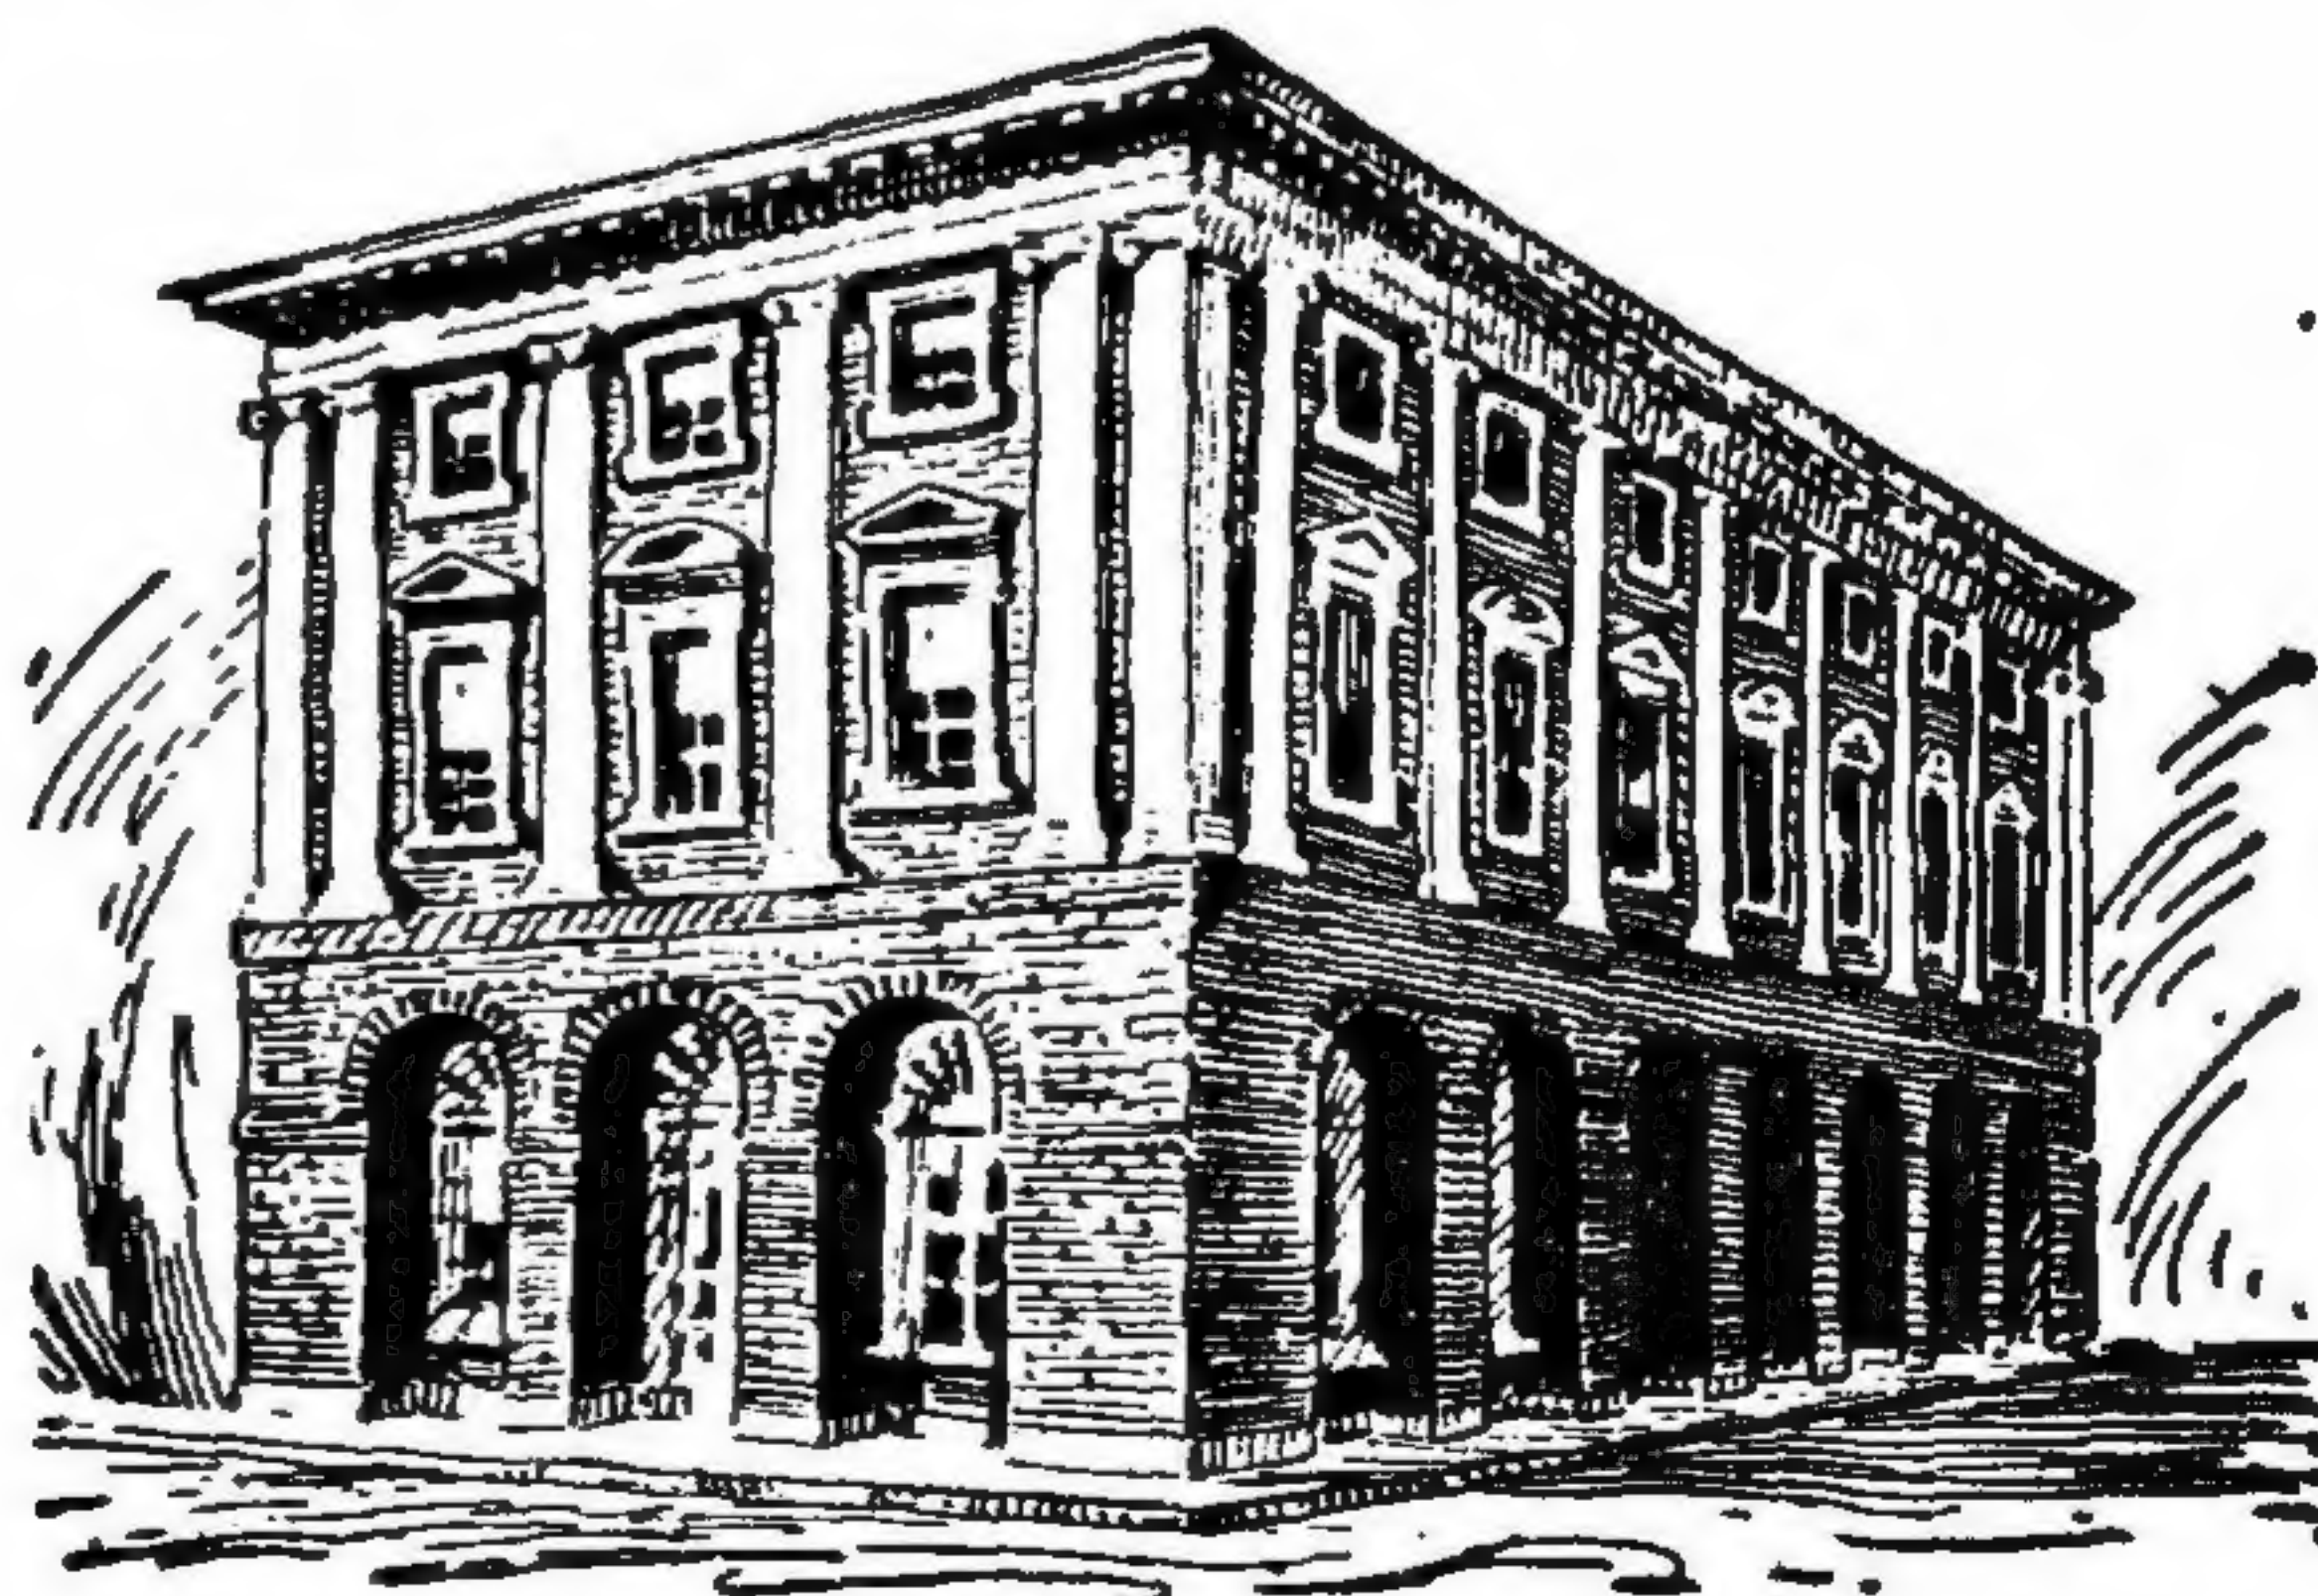

The Newport Chamber of Commerce

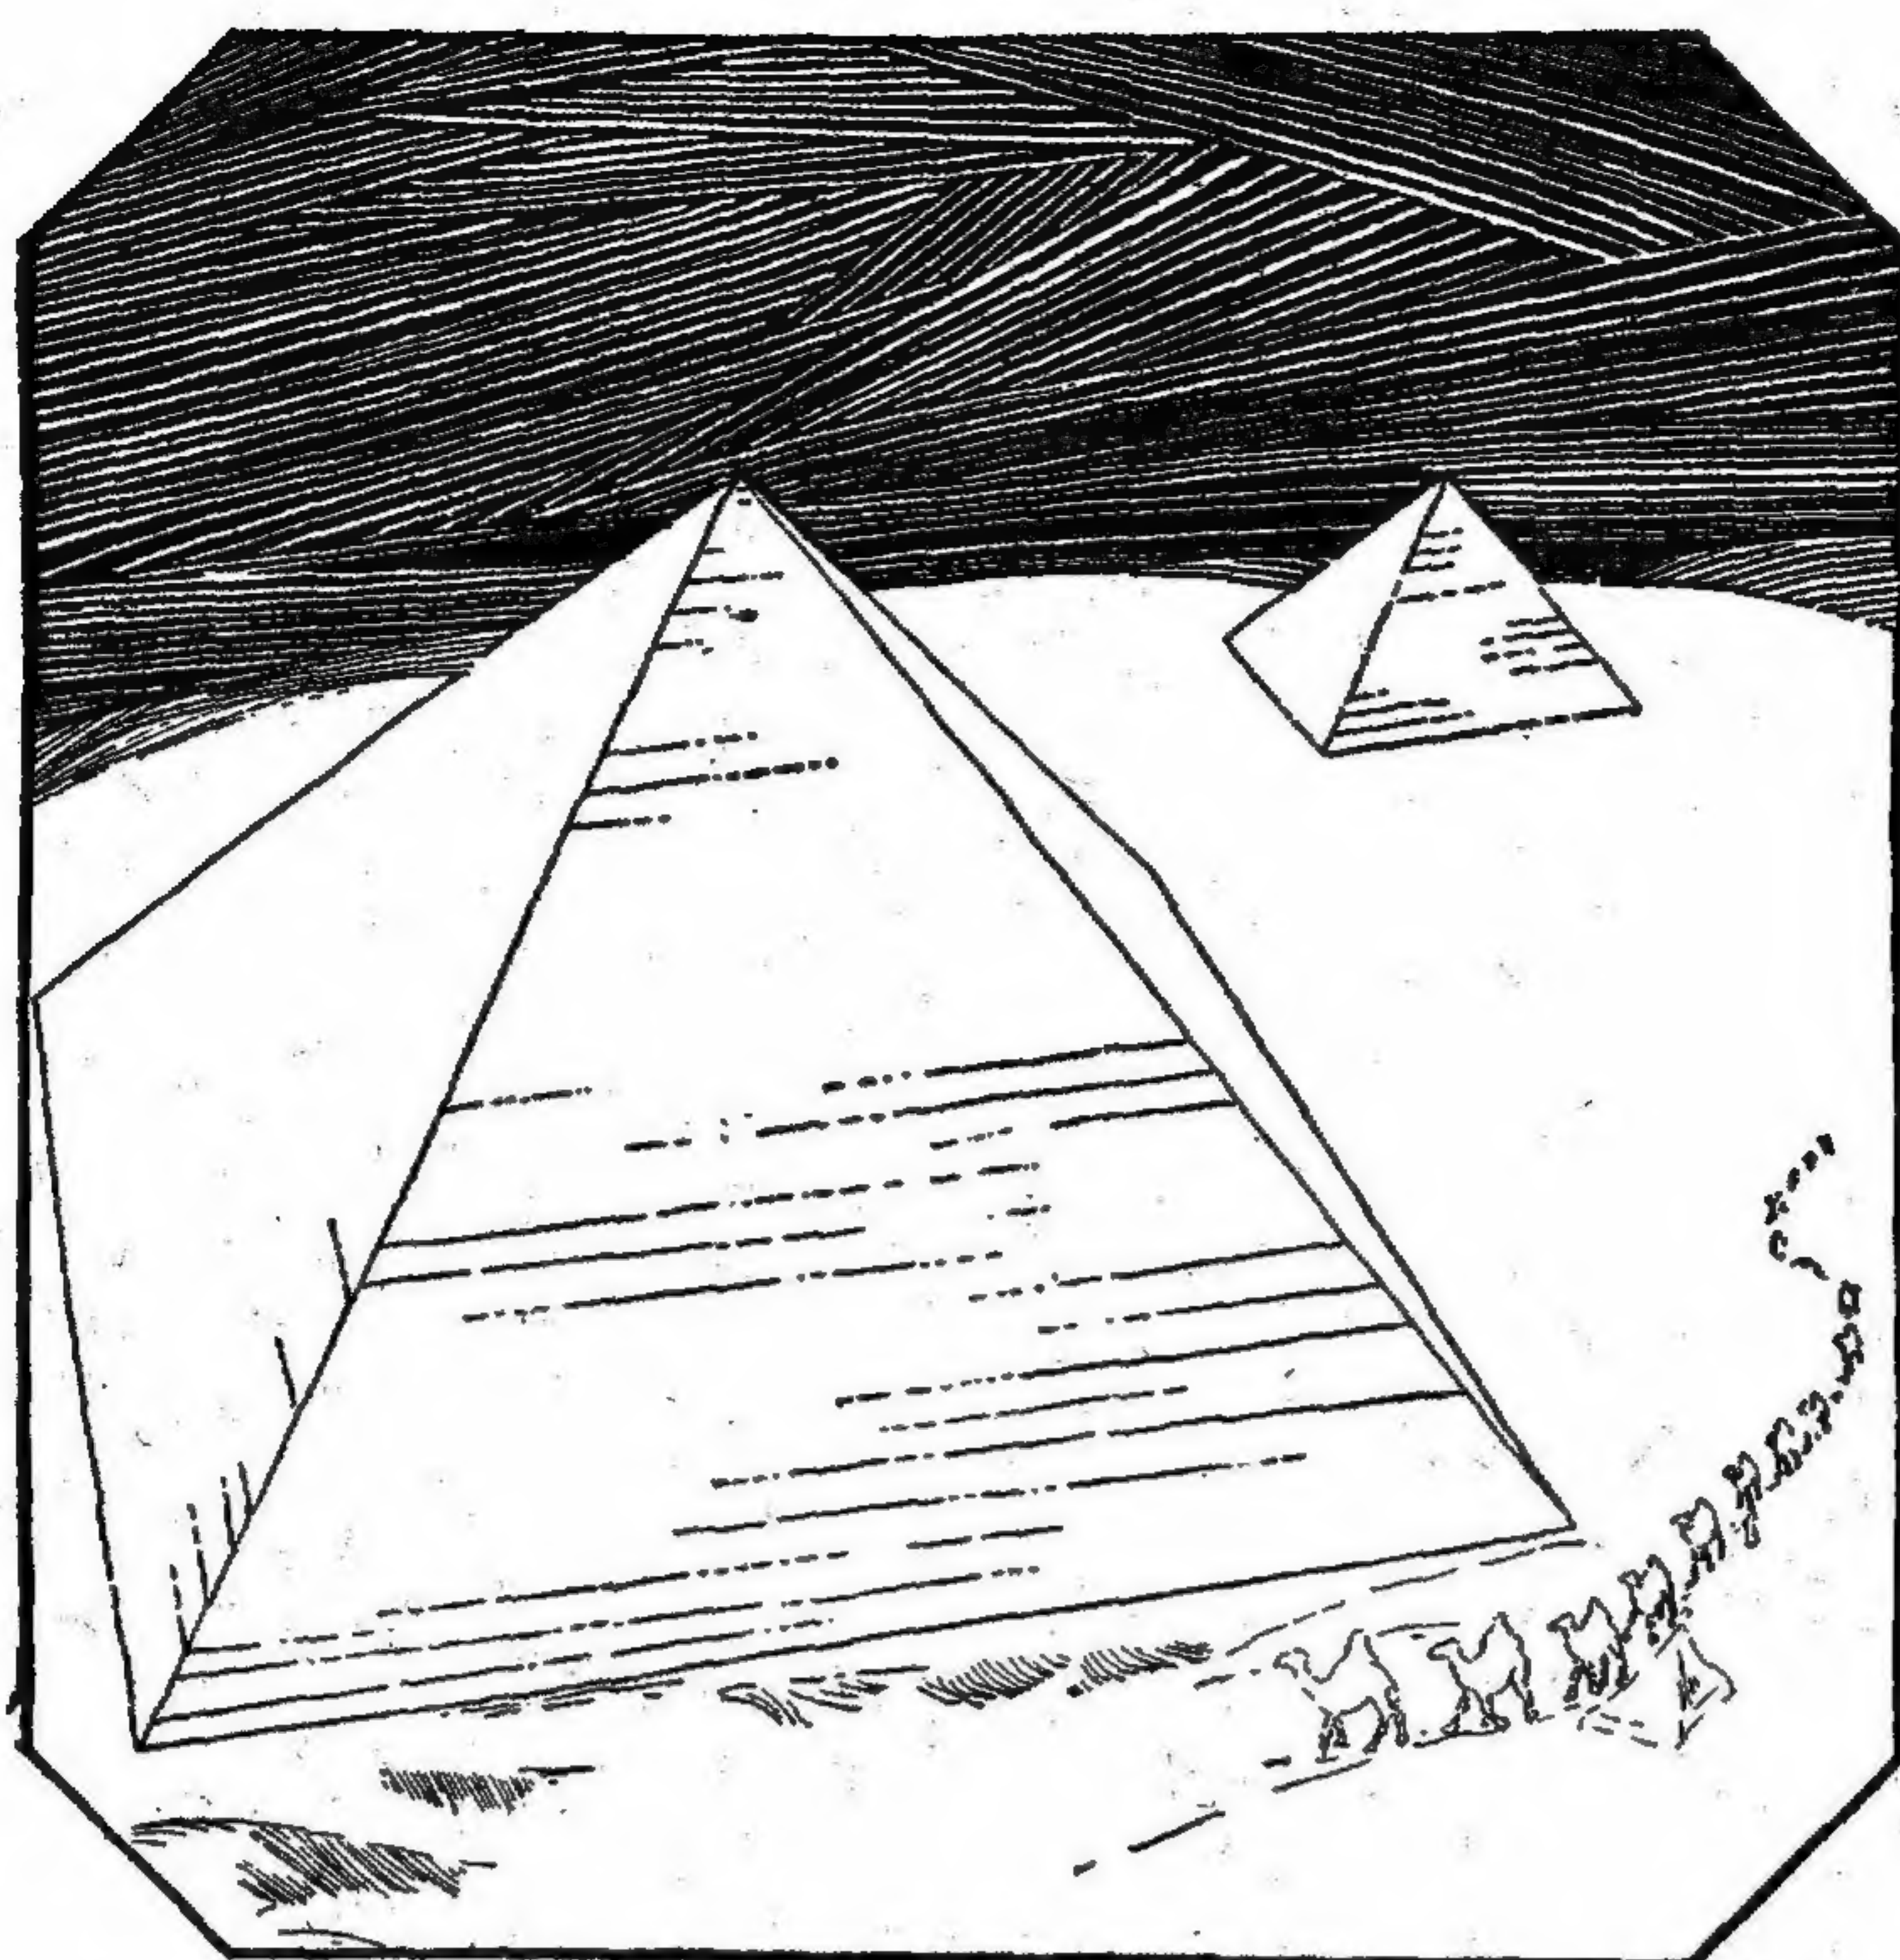

Stands for all that Newport is famous for—ideal climate—cooler in summer—warmer in winter—beautiful homes—more and more the place selected by home lovers and those who retire from business cares.

Sports of all sorts—famous tennis events—yachting, boating, golf, bathing, etc., etc.

The place to live to enjoy life and happiness above the average and where community spirit predominates.

The Newport Chamber of Commerce is located in the historic former City Hall, 170 years old. Occupancy made possible by the generosity of John Nicholas Brown and the City Government.

the modern anthracite

The more *heat units* you get in coal,
the less ash you shovel out of the
heater.

Cleercoal is better than 95 per cent.
PURE. It actually leaves less than
a barrel of ash to the ton.

A single ton will convince you that
Cleercoal produces 20 to 30 per cent.
more heat per shovelful than any other
anthracite.

The Tailoring Touch of ICE

“D O you know,” a wise lady and charming hostess once said in speaking of the way she planned her famous dinners, “I make up my menu, set my table and plan my seating arrangements, and then I look to ICE to add the finishing

touch. It tailors and professionalizes—gives distinction to every meal.”

ICE tinkling merrily in glasses; ICE keeping butter, radishes, tender green onions, freshly sliced tomatoes; ICE garnishing fresh fruit cocktails, salads and berries. It's a never-failing way to assure a successful meal.

For every meal Whether guests or only the family are present, ICE should be used abundantly for breakfast, lunch and dinner to make every meal delightful and appetizing. Let us keep your refrigerator well iced.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

THE NEWPORT DIRECTORY

FOR THE YEAR ENDING JULY, 1933

1932

Containing

Alphabetical Section (page 177). Gives names, occupations and addresses of all men and women eighteen years old or over and all business houses. Dates of deaths during the previous year are given, and where possible, the addresses of people who have moved to other cities. The names of partners in firms are given after the name of the firm. Wives' names are given, following that of the husband. Telephone numbers are also given for places of business and householders. Much other information is contained in this department that cannot be found elsewhere.

Business Directory (page 465). All business houses, individuals in business for themselves, and professional men are listed without charge under the heading that best describes them! The more progressive houses, realizing that it pays to be easily found, pay a nominal charge for special listings in heavy type, under every heading where a buyer might look for them, cross-indexed to a descriptive space in the "reference section."

Street and House Directory (page 401). All business houses, individuals in business, and householders, listed in numerical order upon their respective streets. The streets are arranged in alphabetical order with descriptions. A feature of great value and convenience.

Advertising Department (page 99). Where more information than is possible to give under the headings is placed on file for buyer's reference. The value of this department cannot be estimated. It is an index of the best business interests of the city, and stands for them and the city in reference libraries all over the country, as well as on the desks of progressive business men. It is accessible to everybody, and the logical place to look for specific information. This probably explains why no other form of publicity is so generally endorsed by business men, as a glance at this department will show.

Map (opposite title page). The clearest map ever made of the city, on a scale large enough to see, and small enough to be handled easily, showing the location of Points of Interest.

Miscellaneous Information (page 11). Organization of City Departments, giving officers—State officers and departments—U. S. officers and departments—Courts holding sessions in the city, with terms and officers—Population tables, etc.

There are two kinds of Advertising

That which the Buyer seeks, and that which is thrust upon him.

Both are good

Display advertising suggests wants and creates desire. Of its tremendous power many present day successes bear witness.

Reference Advertising steps in when the desire has been created. It shows where the goods can be purchased and gives information that the buyer wants *when he wants to buy*.

A Connecting Link

The weakness of display advertising is that often a need is not realized until the ad that suggested it is misplaced or thrown away.

A shrewd buyer usually looks the field over before buying and where is so logical a place to look as *in this book*.

A Help to You

In your buying, use the lists in this book. If you see a name in *heavy type* it is because that concern thought enough of your possible business to make it easy for you to find them. If it says "See page — —", you will find there information that will really help you.

Are You Covered?

Have you made it easy for buyers to find you, by putting a bold type listing under every heading where they might look for you or a competitor? Have you put information in the "Selling Section" that will really help a buyer, and point to *you* as the one who can serve him best?

If not, make a note to do it in the next edition, and let us tell you *now* how little it costs to be *protected*.

When one speaks of Newport today, it is usually in connection with the doings of its wealthy summer residents, or activities at the great naval station which Uncle Sam has established along its waterfront. Thousands of persons, from all sections of the country, view the magnificent estates of "The 400" yearly and the immense establishment where the nation's naval officers and enlisted men are trained in the arts of war and engines of destruction are fashioned content to see the things that are and thinking little of the ancient landmarks which made of Newport a centre of industry and culture two hundred years ago.

It was in 1639, that William Coddington, man of affairs, here established, with a handful of followers, seceders from Portsmouth, a "body politick" based upon religious freedom and tolerance. The church which John Clarke, preacher and physician, founded believed by some to be the first Baptist church in America, still exists, and his grave has become almost a religious shrine. Not far away, on Touro Street, is the oldest Jewish synagogue in the country, built in 1763 and long acclaimed as an architectural masterpiece in its interior.

The location of the little settlement at the mouth of Narragansett Bay made it ideal for commerce, in which it was a close rival of both Boston and New York. Ships were built in its harbor and sailed away on trading voyages, carrying in their holds products of the little shops and factories established in the town, including those of several distilleries. For many years these activities continued while Providence was still referred to as one of the "out plantations" of the colony.

When French and British privateers began preying upon the commerce of the seas, Newport ship owners and sailors were not long in following suit. And so successful were they in their daring endeavors that they were called "pirates" by the London government. Many were the rich cargoes brought into the harbor of Newport by these freebooters of the seas and many were the fortunes soon established in this business. The notorious Captain Kidd is said to have had friends in Newport and to have visited Rhode Island.

The slave trade also occupied the attention of Newport merchants for quite a period and for several years Newport was known as a slave trading centre.

As the town increased in size and richness, it also extended its cultural advantages. Men of learning here found an atmosphere to their liking and enjoyed the hospitality offered and, until the British occupied the town for three years during the Revolution, Newport was the gathering place of savants of both the old and new world.

Newport was incorporated as a city on June 1, 1784, but the charter was repealed three years later. Nearly seventy years later, in 1853, it was again chartered.

The first spot sought by most visitors is the famous beach sometimes known as Easton's Beach, but commonly known as "The Beach," the center of Newport's summer activities, though the socially select are to be found at Bailey's Beach on the Ocean Drive.

The Cliff Walk, starting at the beach, skirts the cliffs along the ocean and ends at Spouting Rock Beach. It passes on the shoreward side the lawns, gardens and great mansions of the Goelets, the Vanderbilts and the Astors and many more.

None should miss the Ocean Drive with its uninterrupted view of the forty to fifty miles of rugged coast line extending from Sakonnet Point on the east to Point Judith on the west, unequalled along the Atlantic Coast.

For the lovers of outdoor sports there are the Newport Country Club, and the Wanumetonomy Golf Club.

Across the Harbor, on Goat Island, is the U. S. Torpedo Station where the torpedoes are made. At the north end of the city on Coasters Harbor Island is the Naval War College and the U. S. Naval Training Station.

One could travel through its quaint, narrow streets for several days, viewing objects of great interest on every hand. Among the points of interest, in addition to the foregoing, are: The Old State House, the Governor Nichols or Hunter House, Washington Street, the Vernon House, Mary and Clark Streets, Jewish Synagogue, the Jewish Cemetery, the Old City Hall (home of the Chamber of Commerce), Redwood Library, Touro Park and the Old Stone Mill, Trinity Church, the Friends' Meeting House, Newport Artillery Armory, the Art Association.

NATIONAL ADVERTISERS

are coming more and more to realize that newspaper or magazine
publicity brings better returns when coupled up with an advertise-
ment for the local agent in the City Directory. Put "See the City
Directory for our local agent" on all your advertising, and see to it
that he is listed under all the classifications in your line.

LOCAL ADVERTISERS

will improve their sales of nationally advertised products if they can
induce their supply house to advertise in the above manner.

Silver trophy awarded each year by the Direct Mail Advertising Association for the best direct advertising campaign of the year with letters a prominent part. Won by Sampson & Murdock Company in 1929 for campaign prepared for the Copley-Plaza Hotel; won by Sampson & Murdock Company in 1930 for campaign prepared for the Workingmens Co-operative Bank.

IT'S well to know what sort of background an advertising house has before you spend your money and entrust the directing of your selling policy into its hands.

Good advertising brains, long and varied experience, mechanical equipment of the latest and most approved types, and financial responsibility—these are the things that make Sampson & Murdock Company one of the most important direct advertising firms in the East.

Directory publishers since 1846, compilers of special mailing-lists ever since mailing-lists have been used, and now—the latest stage of a progressive development—a completely staffed and splendidly equipped creative direct advertising house.

As proof of the quality of our work we invite your inspection of any advertising campaign we have produced, and call your attention to the prize award pictured at the top of this page which stamps our work as uniformly successful. As proof of the up-to-dateness of our equipment and the proficiency of our mechanical layout, we invite your inspection of our offices, our directory library, and our two plants at your own convenience. As proof of our financial responsibility, we invite your inspection of our rating in Bradstreet's or Dun's.

We will appreciate the opportunity to consult with the officers of any firm interested in the possibilities of carefully planned direct advertising as a stimulant to sales.

Every Wasted Minute Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date directory, *the loss is yours.*

In the course of a year the time wasted usually costs far more than the price of a new directory.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new city directory at once. It will pay you bigger dividends for the money invested than many of your ventures.

Common Sense

About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1,067,500$$

**CONSULTATIONS OR CIRCULATIONS

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and

director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

The Home of Good Directories

COMPILING DEPARTMENT

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of over eighty years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation.

ADVERTISING DEPARTMENT

Put—"We are listed in the Directory" in all your advertising copy. Addresses are often forgotten or mislaid, though the name is remembered. The firm that is properly registered in all branches of its industry is wise. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you.

DIRECT ADVERTISING DEPARTMENT

111 Summer Street, Boston, Mass.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery: and results in more profits to you. You want your mailing lists accurate—That's the kind we make. We will also multigraph, address, stamp, and mail your letters. All you need to do is tell us your general plan. We will work out the details. Ask us to tell you about this branch of our business.
